

**GIANI ZAIL SINGH ALUMNI ASSOCIATION
BATHINDA-151001 (PUNJAB)**

“Rejuvenating Connections & Strengthening Alma-Mater”

GiZSAA

Dear Alumnus

GIANI ZAIL SINGH PUNJAB TECHNICAL UNIVERSITY CAMPUS, Bathinda-151001(Pb) (established in 1989 as Government Engineering College) is planning to form its Campus Alumni Association.

This Campus has the pride of being an alma mater to 21 batches of Engineers and Architects who are very well placed all over the world at reputed administrative posts. Many of them have established themselves as successful entrepreneur and brought laurels to their institute. The Campus acknowledges the role of every alumnus in continued development of this institution and shaping future. We are taking a small step forward by forming this association named GiZSAA with the aim of “Rejuvenating connections & strengthening the alma-mater”, in the 25th year of establishment of this institute.

This association calls upon you to reconnect to your institution, share your expertise with the students and faculty of this campus and hence create opportunities for investment in your institute’s future. This institute is planning to have the first ever alumni reunion of first sixteen batches (admitted in 1989 to 2004) and 16 LEET students batches (admitted 1990 to 2005) the on 27th April 2014 at the place you were once a part of and the same place where you were transformed into professionals.

Hence, it is the time to look back into the pages of your life and feel the nostalgic moments of missing lectures, hostel nights, canteens, coffee shops, fights, make-ups, friendships, failures, successes and much more. This is a beginning and we welcome your association with us in making this effort a success. We would feel honoured if you enter your details in the registration form available on the campus alumni website (www.gzscetbti.gov.in/gizsaa).

Kindly share this message with other alumni members of this institute in your contact.

Your association with this venture is highly valued. Looking forward to reliving the memories again together.

WORDS OF ENCOURAGEMENT AND ANY SUGGESTION IN MAKING THIS VENTURE A SUCCESS
SHALL BE HIGHLY APPRECIABLE.
